Aloha Nui to you all.

As the number of confirmed COVID-19 cases increases, we have been closely tracking new developments and guidance from local and federal health officials. Our top priority is the health and well-being of our guests, employees and community.

In accordance with local, state, and federal health recommendations, our restaurant will be operating at 50% occupancy. We believe it is in the best interest of our community and guests. We have taken out tables and chairs to provide the recommended space of 6 feet apart. We also will be spreading out any groups over 6 people. All planned Events and Parties of larger groups have been postponed or cancelled.

We have strict and continuous disinfection protocols, using EPA approved disinfectant for all surfaces, strict handwashing protocols and encourage social distancing in effort to keep everyone safe and healthy. We ask all employees and guests who have contact with any of our Kapuna or others at high risk, to please be especially vigilant and perhaps join us at a later date when more information is available.

We have great ToGo options available, curbside pickup and utilize delivery options\* including DoorDash (\*delivery options vary by location).

We are actively monitoring developments in and will take appropriate action should circumstances change. This is uncharted territory for us all, and we're making hard decisions across our community to ensure that we can do everything to ensure the health and safety of our community and guests. As a family-owned restaurant with loved employees who also have families, we thank you for your support. It means the world to us—we look forward to seeing you, and wish everyone health, safety and happiness.

Mahalo Nui Loa,- Jeff and Leslie Fischer and the Island Lava Java Ohana
